# AWS e-learning courses

The screenshot shows a screenshot of the Trainocate platform interface. The top navigation bar includes the Trainocate logo, a 'Home / Courses' link, and a user icon. Below the navigation is a toolbar with icons for '+ Course', 'Export', and various filters. The main content area displays a table of e-learning courses. The table has columns for '#', 'Course Title', 'Code', 'Trainer', 'Duration', 'In Library', 'Status', 'Trainees', 'Batch', and 'Queries'. A search bar for 'Course Title' is present above the table, with 'dtpe' typed into it. The table lists 13 courses, all taught by 'Lexs Trainocate' and marked as 'Active'. Most courses have a duration of 1 Month or 15 Days, except for 'Amazon Aurora MySQL Migration' which is 1 Day. The 'Trainees' column shows counts ranging from 0 to 2, and the 'Batch' column shows counts ranging from 0 to 3.
